*Now that the chaotic welcome party is over...
what will happen to Mano?*

뱀파이어 도서관

Vampire Library

Vol.

The early rays of sunlight

and the rose fragrance
of the garden beyond
the window drifted
into the room.

A tranquil morning in
a palatial chamber
on a soft mattress.

...Wait-

Where
am I?

K!

HUFF
HUFF...

...Oh right.

+
BLANK
...

This is
my room.

(((

Drop

A soft pillow and
a huge bed...

Aah...
So nice. ♥

I want to stay like this
and never wake up.

I'll just ignore the fact that

the owl looks like a human.

It's probably just my imagination...
Probably.

Morning.

HEH.

Did you
sleep
well?

Thanks
for
yesterday

Mano.

THE OWL
TURNED
INTO A
HUMAN!!

WAAH!!

AND IT CAN
TALK!!!!

So an owl
freaks him out
more than a
vampire does.

TRANSLATED BY
FAN BOY YOUR SCREEN

Hoot!

The owl is my messenger.

I can observe everything through the eyes of animals.

That means...

WHAT'S
GOING
ON?

This person is also...

Yo~

GRIN

...Geron?
Why are
you here...

WAIT!!
HOLD
ON!!

YOU TWO
LIVE HERE AS
WELL?!

What's with your appearances,
did you just sprint out of
your house?

I used to
live here as
well you
know?

Seriously.

Is this a library
or a dormitory.

Then could
it be this
room used
to be...

Bingo.
I used to
work here
as well.

But

he was fired.

He had committed an unforgivable act as a library guardian.

The situation was settled
under the condition that
he would never set foot

In this library
again...

To think you'd
come here... have
you not learnt
your lesson?

TENSION...

Can they all
just leave.

You'll be arrested
the moment Chief
lays his eyes on
you. Get out of
here quietly while
you can!!

I have... a bad feeling about this...

Too late.

EEK

...
Geron.

THEIR
THEIR

It's been
a while,
Carvel.

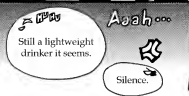

Get
lost.

Why is he
in such
a bad
mood?

Gulp.

Still a lightweight
drinker it seems.

Aah...

Silence.

he's hungover...

You are no
longer our
comrade,
but a
criminal.

This is the
sentence
given by the
superiors.

If you do not
leave, I will
arrest you.

SMIRK...

... NOT THIS
AGAIN!!

A. Fight — ruined house —
Another fight — And it'll be
a ruined room this time.

WAIT!

IF YOU'RE GONNA
FIGHT, TAKE IT
OUTSIDE.

... YOU
IDIOT
!!

MOVE
AWAY!!

Huh...?

... Why me?

That's
exactly what
I want.

But it'd be
boring to go
alone.

So I'll be
borrowing him
for a bit.

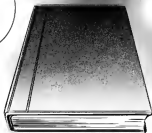

FLASH

THUD...

He got
us...

To think that I...
allowed that to
happen...

Seems like he still
hasn't given up.
How persistent.

Yeah...but why
did he take Mano
with him?

Because
he is a
human.

They are
probably

able to
wander around
anywhere in
the prison
now.

-no.

Mano!

All the cells are
designed to be
solitary, but it seems
that he's figured out
that a foreign
presence such as that
of a human can
distort the structure
of the prison

You alright?

is this...

the prison inside the book?

HAA...

How ill-fated...

I even got
to look a prison now

Why...

are
you doing
this?

If his goal is
dangerous,
I should try
to stop him
somehow...

Because
this is the
only way

to meet her.

She is running
towards you!!

That night,
just like any other,
we were chasing
after a criminal.

OK!
Leave it
to me!

That was when
she appeared before me.

Eventually,
she was caught

and locked away.

No matter how
much I wanted
to see her,

she was
in a place I
could not
reach.

So,

I stole a
book.

In the end, we were found out.

That being the case,
I thought if we were imprisoned
in the same place I could still see her.

but as the cells were designed
to be solitary,
even that was impossible.

I had no choice but to leave,

in order to formulate
a strategy that will reunite me
with her once again...

While vowing to
confess my love
when the time comes!

Oh what, so
he's just a
man who is
blindly in love.

I'll let
you go

once we
find her.

He goes as far as
entering the prison to
confess his love.

All for his
significant other...

I'll
help
you.

It seems like
the quickest
way for me
to get out of
here...

What a
straightfor-
ward person
you are, Mano

+

So?

What's
your
plan?

I've got it all
in here!!

Because this is a smart,
modern, man!

I recorded the number of her
prison cell when I stole the book~
It was one-thousand-
four-hundred and...

Oh~

PIRIRIN~

...huh

I forgot to
charge it...

A SMART,
MODERN MAN
WOULD HAVE
CHARGED IT
BEFOREHAND!!

GAH!!

DAMMIT!!

E-even so, I did manage
to catch the first two
digits before it turned off.

URG

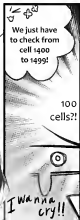

I gotta
stay
calm

We just have
to check from
cell 1400
to 1499!

100
cells?!

I wanna
cry!!

But is it okay to
open the door by our
selves? You used you
nearly got into huge
trouble with the book
last time

The criminals are
locked away behind
double, triple security
systems so it should
be fine

Since you're
Carvel's contractor,
most of them
wouldn't dare
attack you

So I'll
leave it
to you!

...I'm the
one opening
the door?

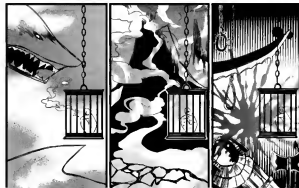

Aren't
you
curious
about
what it's
like inside
the cells as
well?

I'm just letting
you have the
better view.
Hahaha
and you'll be
the one who
gets caught

Why don't
you shut
up...

I guess I'm a little
curious...

Grip ...

... How
insane.

As I
recall,
the
person
who
designed
this prison
was

Why am I
the only one
opening these
doors?

Ehe♥

A hunter
should hunt
for his own
game!

... Alright,
I get it.

GRF

Olivia

So
that's
why.

Dear readers: I'm in GREAT need of cleaners and typesetters (SPXs and dialogues) for this series. If you are interested, apply here: whateverproject@gmail.com

—As expected,

it's impossible for me.

...Stop joking around. It's just a simple doze...

You... just what are you?

You...
you're
Carvel's
contractor,
right?

Carvel's power
is so massive that it
allows him to control
this infinite prison.
Hence a person with
the title of his
contractor is
equally special.

However...
it seems that
you possess
something
else as well...

You will turn
out to be an
exquisite prey.

Since you're
helping me,
I'll give you
a word of
advice.

More scoundrels
that want to use
you like me will
start to gather.

And there
are probably
those who are
targeting Carvel
among them.

As you
become
more special
to him,

you'll also
turn into
another
weakness
of his.

Who's a
pervert?

That's the
first thing
you have to
say to me

after
all this
time?

I'm so elated that I'm
aroused. FUFUFUFU...

CREPT OUT

That aside,

Why
have you
called?

Vampire Library

Geron returned and took a human with him into the prison.

The sealed gate has to be opened.

Please grant the permission.

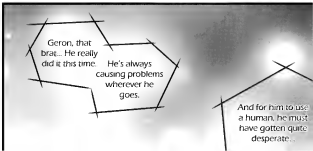

I see...

Geron, that
brat... He really
did it this time.

He's always
causing problems
wherever he
goes.

And for him to use
a human, he must
have gotten quite
desperate...

So,
who is the
human he took
with him...?

...My
contractor.

...I see,
permission
granted.

However I
trust that you
understand what I
require from you.

I shall look
forward to
that day
then. FUFU

I wish
you best
of luck.

...The
call has
ended.

I have
been
drowning
in ennui

for quite
some time
now.

But it seems like
things will take an
interesting turn
soon.

How could our luck be this terrible...?

Although I've always been
unlucky with the slot machine,
this is just terrible.

TEACHING
HAND

*Ended up going through
all 100 doors.

This is the
last door.
If it's
another
dud, let
me go.

...Okay.
